

# OPERATION ONLINE

For many reasons, access to digital technology is different depending on where you are. Those differences make our team of Agents unique and awesome, that's why we want to better know them.

These missions will gather information on how you use technology and get online.

## MISSION 1: TECH

What technology is available to you? And how do you access technology? Answers to those questions can be different from one place to another or even from one family setting to another. Tell us what technology looks like for you.

**Which of the following devices do you use or have regular access to? (tick all that apply)**

- |   |  |
|---|--|
| <input type="checkbox"/> Smart phone  | <input type="checkbox"/> Games console or portable gaming device (Xbox, Playstation, Nintendo, Gameboy, etc) |
| <input type="checkbox"/> Mobile phone (not a smart phone)                   | <input type="checkbox"/> Television  |
| <input type="checkbox"/> Other handheld portable devices (MP3 player, iPod) | <input type="checkbox"/> Video recorder  |
| <input type="checkbox"/> Camera   | <input type="checkbox"/> Audio recorder  |
| <input type="checkbox"/> Tablet   | <input type="checkbox"/> Radio   |
| <input type="checkbox"/> Desktop computer                                   |  |
| <input type="checkbox"/> Laptop computer                                    |  |

**How often do you do things on the internet (for example look at websites, send messages, use apps or social media)?**

- More than 50 times a day
- Between 20 and 50 times a day
- Up to 20 times a day
- Once a day
- 4-6 days a week
- 1-3 days a week
- Less often

**When do you access the internet?** *(tick all that apply)*

- In the morning, before school/work
- During the day: in the classroom/at work
- During the day: school/work breaks, lunchtime
- In the afternoon, after school/work
- Early evening, before or after dinner
- Late evening, when most family members are in bed

**On average, how long do you spend on the internet on an ordinary school/work day?**

- Less than an hour
- 1-2 hours
- 3-4 hours
- 5-7 hours
- More than 7 hours

**On average, how long do you spend on the internet on a non-school/work day (weekend or holidays)?**

- Less than an hour
- 1-2 hours
- 3-4 hours
- 5-7 hours
- More than 7 hours

## MISSION 2: DIGIUSE

Here's an opportunity for you to describe in more detail, and in the format of your choice, how and when you access digital technology.

Film a short video, take a photo, or draw something that shows how and when you access digital technology.

You could do all or any combination of the following:

- take a photo of the devices you use
- draw a timeline that represents your day and write how and when you go online
- make a presentation 'Digital technology in my life'
- write up a journal or diary over the next two days to describe your access to digital technology

A large, empty rectangular box with a black border, intended for students to complete their assignment. It occupies the lower two-thirds of the page.

### MISSION 3: OBSTACLE COURSE

In the last Mission we looked at what allows you to connect. Now, tell us about what stops you from being connected. Please write a couple of short paragraphs using the questions below for inspiration.

**What stops you from using digital technology?**

**Tell us all the things that might make it more difficult to access digital technology.**

For example, are devices not always available? Are there times or places when/where it is not possible to be connected? Are there rules?

**Think about all the things you described above...**

**What do you think about them? Are some of them more annoying than others?  
Should access to digital technology be easier? How could that be achieved?**

A large, empty rectangular box with a black border, intended for the user to write their thoughts and answers to the questions above. The box is currently blank.
